

# CANOE ISLAND FRENCH CAMP

Est. 1969

## Summer fun with a French accent!

Learn French while enjoying the fun of resident camp on a private island in the San Juan Islands of Washington. French is taught at all levels by French and American staff to campers, ages 9-16. Take part in fencing, archery, sailing, kayaking, photography, theater, art, marine biology, and French cuisine during 2 and 3-week sessions. Facilities include a heated swimming pool, game room, sports field and tennis court. The French meals, including a 7-course Bon Voyage banquet, are not your average camp fare! With only 45 campers per session and a camper:staff ratio of 3:1, everyone gets individual attention. Financial aid available. The whole family can share the fun for 4 days over Memorial Day and Labor Day weekends.
